# Planning for Waste in Greater Manchester

## STAKEHOLDER EVENT 2 2nd November 2006

### WORKSHOP 3

1. Introductions
2. Complete the Group attendance sheet
3. Workshop Introduction (Facilitator)
4. Nominate a scribe and reporter

Following on from Workshops 1 & 2, and using the map bases provided, identify the likely spatial distribution / areas of search for future waste facilities.

As part of this process maps and constraint layers have been provided. Look at the constraint layers (with reference to the locational criteria / principles identified in Workshop 2) and identify any gaps.
